PROFESSIONAL SUMMARY

Software Developer with 3+ years of experience in developing and maintaining enterprise web applications and ERP solutions. Experienced in .NET Core applications, Web API development, client onboarding, ticket management, vendor workflows, billing systems, and role-based access control. Strong understanding of C#, .NET Core, ADO.NET, Dapper, LINQ, Angular, MySQL, Azure DevOps, and software development lifecycle. Seeking opportunities to contribute to scalable enterprise applications as a .NET Developer.

TECHNICAL SKILLS

- Programming Languages: C#, JavaScript, TypeScript, PHP
- Backend Technologies: .NET Core, ASP.NET Core Web API (ADO.NET, Dapper, LINQ)
- Frontend Technologies: React.js, Angular, HTML5, CSS3, Tailwind CSS
- Database: MySQL
- Concepts: OOP, REST APIs, Authentication, Authorization, Role-Based Access Control
- Tools: Visual Studio, Azure DevOps, Git, Swagger, Postman

WORK EXPERIENCE

Software Developer Aug 2025 – Dec 2025
FitX120, Chennai

- Developed React.js UI components using hooks and Tailwind CSS for onboarding and landing pages.
- Integrated REST APIs and handled form validation and UI-level error handling.
- Worked on TrainerPro MVP with frontend flows and backend API integration.

Software Developer May 2024 – July 2025
TickTix Solutions, Chennai

- Worked on Facilitix ERP, an enterprise facility management application supporting ticket management, client onboarding, vendor workflows, and billing operations.
- Worked closely with .NET Core applications and Web APIs for implementing business workflows and system integrations.
- Participated in API testing, debugging, issue analysis, and production support activities.
- Worked with MySQL databases for reporting, validation, and operational support.
- Implemented role-based access control and workflow-driven functionalities across ERP modules.
- Used Azure DevOps for sprint planning, bug tracking, deployment coordination, and code reviews.
- Collaborated with cross-functional teams to deliver scalable enterprise solutions.

Software Developer Nov 2022 – Mar 2024
Teckzy Research Analytics IT Solutions, Chennai

- Developed and maintained business applications using PHP and MySQL.
- Worked on database operations, user management, and reporting modules.
- Provided application support, bug fixes, and feature enhancements.
